Fifth Ward Enrichment Program

Mission:
To empower boys to become responsible men and productive members of their families and community.

Activities:
Each school year, August through May, FWEP's target is to engage, mentor, and case-manage a maximum of 200 boys at five school sites. The School-based Project is FWEP's core program for intervention and engagement of male students and provides multiple components with an array of services and activities, in formal and non-formal classroom settings, during and after school, such as:

- Sustained mentoring
- Life Management Skills workshops
- The Teen Enterprise Center
- Enhanced individual tutoring sessions
- Community service and civic engagement
- Exciting enrichment activities
- Parent and family support activities
- For more information, please visit [http://www.fwepinc.org](http://www.fwepinc.org).

Needs/Projects this year (3 positions):
FWEP is looking to expand its after-school tutoring, robotics (STEM), and college awareness/college access activities for high school students. College students will be recruited as Peer Mentors (MALES ONLY, 2 positions), and as dedicated tutors, support staff and facilitators (male and female volunteers, 1 position) in the after-school program.

Who should apply?
Students who have transportation to and from the Fifth Ward Multi-Service Center and are available Monday through Friday during the period 4:00 – 6:00 p.m. should apply. An ideal intern for this position is someone who is excited to build positive mentoring relationships with teenage boys.

Address:
4014 Market Street, Suite W145
Houston, Texas 77020
