

## YES Prep 5<sup>th</sup> Ward

### **Mission:**

At YES Prep, we are redefining possible by creating life-changing opportunities for students from low-income communities. We provide our kids with a high-quality, college-preparatory education that prepares them to compete in the global marketplace and give back to their communities. Through enrichment opportunities and extracurricular activities, we educate the entire child, teaching more than just the textbook. Whether inside or outside the classroom, we push each other to be great and give 100% every day.

### **Current Students:**

Students, **Maurice Frediere** (left) and **Josh Marrs** (right) are currently leading clubs during YES Prep's designated "Talent Time". Maurice is leading a SAT prep class, guiding students through practice problems and test-taking skills. Josh is leading a club that covers the different types of positions in the medical profession. He has brought in guest speakers to the club and is planning a field trip for club members to visit a local hospital.
