

# Kinder Institute Lunch-Out 2020

Honoring Rev. William A. Lawson  
Featuring Dr. Stephen L. Klineberg

*Updated March 27, 2020*

In response to global health concerns, the Kinder Institute has re-envisioned its 2020 annual luncheon as a virtual Lunch-Out. Please read on for important event details, and contact information is below for questions.

## Event Schedule

Much like the annual luncheon, the Lunch-Out schedule will follow a similar format:

**11:30 a.m. Digital Registration**

*2020 Kinder Houston Area Survey and other materials made available to access online and download (Lunch-Out supporters will also receive hard copies in the mail)*

**12:00 p.m. Lunch-Out Program**

*From the comfort of your preferred location, explore findings from **Stephen Klineberg's** 39th Kinder Houston Area Survey, with insights from Rice University President **David Leebron**, Houston Education Research Consortium Director **Ruth N. López Turley**, and Kinder Institute Director **Bill Fulton**. The Lunch-Out will also honor **Rev. William A. Lawson** for his 60+ years of service to Houston and its people.*

**Registration:** The Lunch-Out will be accessible at no cost for all who wish to participate. On or before May 18, simply visit our [registration page](#) to sign up. **Note: If you have previously sponsored the event or purchased tickets, you are already registered and no action is necessary.** For sponsors, you are welcome to direct your participants to our registration page, or if you prefer, you can send those names and e-mails to any member of our team listed below, and we will register them.

**Technology:** To experience the Lunch-Out, all you will need is an Internet-connected device (computer, tablet or smartphone) with speakers. On May 18, you will receive details directly from the Kinder Institute on how to launch the event. We are working with Houston's premier production company to ensure the program runs smoothly, and will also provide access for troubleshooting in real-time.

**Engagement:** We are grateful to our donors who have transitioned their event sponsorship and support to a fully tax-deductible gift to the Kinder Institute. For others interested in making a gift to join us in *building better cities and building better lives*, you may do so securely [online](#). Thank you for your generosity!

*For any questions, our team is delighted to hear from you. Please contact us at:*
